Material Compliance Report (MCR) 4897/2022

(For Ministry of Works projects)

Material/Product:	Ventilation Fans & Smoke Extraction Fans with model(s)/type(s): AJ (axial jet fan), RJ (radial jet fan), CVS (axial smoke fan), RV (vertical roof fan), DRt (rectangular duct type fan), Dt (circular duct type fan) and WA (wall type axial fan)
Manufacturer:	CVS Havalandirma Sistemleri San Ve Tic AS (TURKEY)
Applicant:	Cam Air International W.L.L P.O. Box 143 Bldg 222, Road 6, Block 704 Salmabad, Kingdom of Bahrain

Following MED standard procedures for assessment and technical evaluations of the above Material/Product, as to compliance with the Ministry of Works' specifications and requirements, we advise as per the following details:

i. Compliance with Relevant Standards & Specifications

✓	Acceptable
---	------------

ii. Adequacy for use in Ministry of Works projects

✓	Adequate. The Material/Product is suitable for use in Ministry of Works' projects.
---	---

iii. Comments

- The Material/Product when tested should adhere to **BS EN 12101-3**, **BS EN 14986**, **BS EN 60204-1** and **BS EN 60034** and shall always conform to the Standard Specifications for Construction Works - 2019 of the MOW projects.
- This compliance report does in no way relieve the supplier or contractor of their obligation with respect to obtaining the necessary approval of the concerned Project Engineer for a specific project.
- The material/product shall be subjected to factory inspection and periodic quality control assessment by the Materials Engineering Directorate personnel as deemed necessary.

Note:

This Report is valid for maximum of 1 year(s) from the date of this Report **unless otherwise stated** or there is a change / revision in the material technical specifications, manufacturing process or relevant Standards & Specifications requirements.

Signed & stamped by,

Date: 20th September 2022
